

# Merve ÇIRAK / Computer Engineer

I graduated from Uludağ University's Department of Computer Engineering, as the top student in the department and second in the faculty of engineering. I've been interested in Data Science, Image Processing, ML, DL, Enterprise Software Development and web development technologies for a while. I also develop small-scale projects in the field of cloud engineering. I am eager to get started on my career.

## Experience

- ❑ **Software Engineering Intern** (21.08.2023 – 25.09.2023)  
APRA Engineering & Consultancy, Data science and AI
- ❑ **Software Engineering Intern** (10.07.2023 – 18.08.2023)  
Bosch Digital – IT Department, IT Process Management and Quality, Network Engineering

## Contact

## Education

Bursa Uludag University, Computer Engineering **3.75/4.00** (March 2020 - July 2024)

## Language

- ❑ English - **B2** Deutsch - **A1**

## Project

- ❑ Deep learning based web application for faulty product detection in industry (Feb 2024 -Jun 2024)
- ❑ Artificial intelligence-based IoT solutions in Heart Attack Risk Detection (Oct 2023 - Dec2023)
- ❑ Real-time Face Recognition Project for Security and Time Management in the Institutions (TUBITAK) (March 2023 - Sep 2023)
- ❑ Product Tracking System Automation (Feb 2023 – Jun 2023)
- ❑ Database Development Project for Online Education Platform (Oct 2022 - Jan 2023)
- ❑ Urban Sound Classification - DL Project (7 Oct 2022)
- ❑ End-to-End Data Science Project (31 Aug 2022)

## Hard Skills

Python, AI, Data Science, Data Analysis Image processing, C#, .NET, Git, MySQL, HTML, CSS, Bootstrap.

## Soft Skills

Communication, Teamwork, Problem solving, Time management, Openness to learning.
