DEPARTMENT of GEOGRAPHY

Score Type: **PROMISE**

Education Language: **Turkish**

Duration of Education : **4 Years**

Preparatory Program: **None**

The Department of Geography started to provide undergraduate and graduate education in 2017 and PhD education in 2019. The department consists of four departments: Human and Economic Geography, Regional Geography, Physical Geography and Geography of Turkey.

MAIN OBJECTIVE OF THE DEPARTMENT:

The Department of Geography aims to provide its students with technical, professional and analytical skills that they can use in their professional lives thanks to its dynamic and contemporary structure as well as the deep-rooted foundations of geography science.

VISION OF THE DEPARTMENT:

To create a scientific ecosystem that embraces ethical values and has international standards for the production of scientific knowledge and skills.

MISSION OF THE DEPARTMENT

To provide education in accordance with international standards, innovative and compatible with 21st century skills, to create an academic environment that adopts the common values of science and conducts original scientific research in national and international fields.

ACADEMIC STAFF

The department has 4 Professors, 1 Associate Professor, 2 Assistant Professors and 2 Research Assistants.

SUPERIOR ASPECTS OF THE DEPARTMENT

- Our students have gained the right to study abroad within the framework of national and international exchange programs (ERASMUS, FARABI, MEVLANA).
- Students who graduate from the Department of Geography, if they meet the necessary conditions, can continue their master's and doctoral education at Bursa Uludağ University Institute of Social Sciences, Department of Geography.
- Thanks to Double Major and Minor programs, students have the chance to specialize in a second branch and graduate with a bachelor's degree.

ÖSYM	Base Score	Ceiling Score
2023	342,368	392,669
2022	340,531	404,339
2021	286,678	330,114
2020	330,453	390,679
