Rector's Message

Welcome to Bursa Uludağ University, where education and research flourish in Bursa, Turkey's fourth-largest city. Bursa seamlessly combines natural beauty, historical significance, and a leading position in industry, technology, and tourism. Located in such a city, BUU proudly ranks among the top 23 research universities (among 207 universities) in Turkey, demonstrating our academic competence and global collaborations. We invite you to join our diverse community of approximately 7,000 international students from 127 countries and experience a truly international education.

Prof. Dr. Ferudun YILMAZ

About Bursa

Bursa is the 4th largest city of Turkey with a population of 3 million.

Located on the ancient Silk Road, Bursa is the locomotive industry city of Turkey.

Bursa stands out as one of the few cities in the world that manages to combine its natural beauties with trade, industry and technology.

The city has a distinct location with easy and fast transportation opportunities both by land and sea routes.

A City of Industry and Research

Bursa's main sectors include; automotive, machine-metal manufacturing, agriculture-based industry, food, and woodwork & furniture.

These sectors create value to Bursa and makes it a global center of attraction thanks to its advanced manufacturing industry and trade. It has an important role in Turkey's economic growth and has a big share to contribute to Turkey, becoming one of the main emerging economies.

Bursa is the 2nd city in export interchangeably before and after Kocaeli.

Bursa proves its importance for the country's economy with an export of around 8.5 billion dollars in the automotive sector in recent years.

Today, 20 organized industrial zones are active in and around Bursa.

Bursa ranks 2nd after Istanbul in terms of the number of R&D centres.

The most important component of Bursa's economy is undoubtedly the automotive sector.

About Bursa

All in One: History, Culture, Nature

An important city throughout history with many historical buildings from the Eastern Roman and Ottoman Periods, Bursa has been a source of inspiration for the literature. As a popular tourist destination with its mountain and sea with its unique natural beauties, green nature (also called Green Bursa), healing water sources, many lakes, and waterfalls, Bursa offers a wide variety of sightseeing alternatives for the local population, as well as foreign businessmen, academics, students, and tourists. With its unique place in Turkish-Islamic civilisation, Bursa calls for students and scholars that wish to pursue studies in different areas.

Bursa Uludağ University

An Overview

An Established Research University

Uludağ University, established in 1975 under the name of Bursa University and took its current name in 1982, has been successfully providing education at both local and global levels with its 15 faculties, 15 vocational schools, 1 conservatory, 4 institutes, 21 applied research centres and 5 departments under rectorate.

BUU and Internationalisation

Bursa Uludağ University attaches special importance to internationalization in education. BUU considers its international students as “goodwill ambassadors” with regard to creating a more equitable international order, and it recognizes its role in contributing to not only national research and education agenda, but also to international academic world.

Bursa Uludağ University

An Overview

Campus Life

BUU is a campus university near the city center with most of its faculties located in the main campus.

Vocational schools are located in different districts of Bursa according to the local potential of those districts.

Bursa Uludağ University

Facts&Figures

A Leading University in Strategic Research Areas

Within the framework of YÖK's (Turkish Council of Higher Education) "Focus Matches on University Basis", BUU is matched with 8 strategic areas. It carries out project-oriented studies in those strategic areas.

- **Food Supply Security**
 - Food Biotechnology
 - Animal Nutrition
- **Automotive**
 - Material Technologies in the Automotive Industry
- **Health Sciences**
 - Clinical Research in Health (Lung and Respiratory)
- **Social Sciences**
 - Archaeology
 - Religious Studies
- **Education**
 - Engineering Sciences
 - Smart and Innovative Material

One of the Top Research Universities

BUU is among the first 23 research universities of 207 universities within the scope of the "Research-Oriented Specialization Project" of YÖK.

International Students

BUU ranks 4th in international student number according to the records of YÖK, published on 18th February 2022.

According to current data, approximately 7000 international students are studying at our university.

Green Campus

Among the first 50 greenest universities in the world, BUU is in the top 3 ranks in:

- Green Field
- Sustainability Education and Research categories.

Bursa Uludağ University

Facts&Figures

17 Priority Areas

BUU provides education in 17 priority areas defined by YÖK, such as Eastern Mediterranean Studies, hydrocarbon studies, vaccination, artificial intelligence, etc., which are also important subjects in the international academic and political agenda.

Quality Certificate

BUU has been awarded to receive ISO 9001-2015 Quality Management System Certificate within the scope of the YÖK Education Services.

Ph.D. Student Number

Within the framework of the Scientific and Technological Research Council of Turkey (TÜBİTAK) Industrial Ph.D. Program, BUU ranks 1st with the highest Ph.D. student number (81).

Exchange Agreements (Erasmus, Secondos, Orhun, and Mevlana)

BUU has been developing bilateral cooperation through Memorandum of Understanding (MoU) Agreements with a number of newly signed MoUs. BUU offers student and staff exchange programs such as Erasmus, Secondos, Orhun, and Mevlana. Secondos exchange program is conducted within the scope of a special protocol with the University of Innsbruck in Austria, and the program is fully funded. Orhun exchange program has newly been established among Turkic states, and enables student and staff exchange among the universities of those states.

Erasmus Program

Within the scope of Erasmus program, BUU Erasmus Office coordinates student and staff mobility, strategic partnerships, youth programs, adult education, vocational education, Jean Monnet, and Sports programs.

BUU is one of the leading universities in terms of the number of students who participate in Erasmus mobility programs.

Erasmus in Numbers

BUU has 403 exchange agreements in various academic disciplines within 255 different universities in Europe.

In the academic year 2021-2022:

- 235 students
- 20 different countries
- 91 different universities

involved in our Erasmus learning mobility.

We pursue a special Erasmus policy to build new institutional ties with the universities, companies, clinics, and research centers in Europe to send and receive more students regularly under the Erasmus internship scheme.

Each year, we send over 30 students under the Erasmus internship scheme, and we are expecting to send over 50 students in the upcoming years.
