

**B.U.U. GRADUATE SCHOOL OF  
HEALTH SCIENCES**

**THE AWARDS RECEIVED BY  
GRADUATE STUDENTS**

**Çağla Tekin**, the doctoral student in Medical Biology at Bursa Uludağ University Organ Transplantation Multidisciplinary Research Team, who successfully presented the study titled "**Investigation of the Efficacy of Oleuropein in the Three-Dimensional In-Vitro Hepatocellular Tumor Model**" by the research team consisting of **Dr. Student Melis Erçelik, Associate Professor Seçil Aksoy, MSc. student Mine Çamlıbel, MSc. student Sena Ferah, Lecturer Dr. Fuat Aksoy, Prof. Dr. Ekrem Kaya and Prof. Dr. Berrin Tunca**, was awarded the jury's special award "**Prof. Dr. Tuncer Karpuzoğlu Young Researcher Award**" in the 14th TRANSPLANTATION'22 congress.

The research titled " **Effects of Platelet-Rich Plasma Treatment on Fertility in Repeat Breeder Cow**", which was the subject of PhD student **Cihan Tolga ORTAÇ**'s PhD thesis, carried out under the supervision of **Prof. Dr. Ahmet GÜMEN** from BUU Faculty of Veterinary Medicine, Department of Obstetrics and Gynecology, was awarded the “**best oral presentation**” prize at the 9th National & 3rd International Turkish Society of Veterinary Gynecology Congress (24-27 March 2022).

The research titled “**RNA-Based Markers in Biopsy Cores with Atypical Small Acinar Proliferation: Predictive Effect of T2E Fusion Positivity and MMP-2 Upregulation for a Subsequent Prostate Cancer Diagnosis**” and which is also published in the journal “**The Prostate**”, presented by Işıl Ezgi ERYILMAZ, was awarded the “**BEST RESEARCH AWARD**” in Basic Science category at the 14th Uro-oncology Congress (Antalya, 06-10 November 2019) organised by Institute of Health Sciences, Department of Medical Biology and Faculty of Medicine, Department of Urology and Medical Pathology, Bursa Uludağ University.

The project titled "**Let-7a and miR-335 Based Innovative Approaches in Stem Cell Treatment of Advanced Stage Breast Cancer**", which was the subject of PhD student **Havva Tezcan**'s master's thesis, carried out under the supervision of **Prof. Dr. Gülşah Çeçener** from BUU Faculty of Medicine, Department of Medical Biology, was awarded the prize in the category of "**Innovative Health Professional of the Year**" at **Doktorclub Awards 2019**.

The findings of the master's student **Ecem EFENDİ**'s thesis titled "**Identification of Philadelphia-Like Subgroup in Turkish Pediatric Acute Lymphoblastic Leukemia Cases**", conducted under the supervision of **Prof. Dr. Gülşah ÇEÇENER** at Bursa Uludağ University Faculty of Medicine, Department of Medical Biology, were presented at the **16th Congress of Medical Biology and Genetics (with International Participation)**, held on 27-30 October 2019, was deemed worthy of the **1st Prize** in the Poster Presentation category.

## POSTER BİLDİRİ ÖDÜL BELGESİ

Ecem Efendi, Gülşah Çeçener, Birol Baytan, Havva Tezcan, Ufuk Ünal, Melike Sezgin Evim, Ünal Egeli, Berrin Tunca, Adalet Meral Güneş

Türk Pediatrik Akut Lenfoblastik Lösemi Vakalarında Philadelphia Benzeri Alt Grubun Tanımlanması

konulu poster bildiriniz **Birincilik** ödülüne layık görülmüştür.  
Tebrik eder, başarılarınızın devamını dileriz.

Prof. Dr. Ece KONAÇ

The study titled "**Effects of multimodal environmental modification in crystal-related feline lower urinary tract disease**" which is carried out by PhD Student of Institute of Health Sciences, Department of Veterinary Internal Diseases, **Hilal Kurum** and her supervisor **Prof. Dr. Ebru YALÇIN** was awarded the "**Fear Free Research Award**" at the **2nd European Veterinary Congress of Behavioural Medicine and Welfare** held in Eindhoven, Netherlands on September 26-28, 2019.

The study titled “Efficacy and toxicity of neoadjuvant doxorubicin and cyclophosphamide in dogs with locally advanced mammary tumors: Preliminary results”, presented by Fikriye Ecem KURUOĞLU, Musa Özgür Ozyiğit, Deniz Nak, Zehra Avcı, Zeynep Merve Mutlu, was awarded the **Best Oral Presentation** at the **International VETEXPO Veterinary Sciences Congress** on September 20 - 22, 2019.

The study which is titled "**Uridine Treatment Prevents REM Sleep Deprivation-Induced Learning and Memory Impairment**" and is also published in the "**Neuroscience Research**" journal ,carried out by Research Assistant **Büşra ÖCALAN**, Dr. Ayşen ÇAKIR, Prof. Dr. Nevzat KAHVECİ from Department of Physiology., Biologist Cansu KOÇ from the Department of Medical Pharmacology, Faculty of Medicine, Bursa Uludag University, and Prof. Dr. Güldal SÜYEN from the Department of Physiology, Faculty of Medicine, Acıbadem Mehmet Ali Aydınlar University, was awarded the "**Best Scientific Research Award**" in Basic Medical Sciences category in **the XI. Dr. Aysun-Ahmet Küçükkel Medicine Awards-2019** organized by Güven Health Group.

The award presented by the Presidency by being selected as the "**Best Doctoral Thesis**" in the field of Health by **the Council of Higher Education** in 2018; **Gamze Güney Eskiler**, Ph.D. Student of the Department of Medical Biology, Faculty of Medicine, was awarded with her doctorate thesis titled "**Investigation of the Role of PARP Inhibitor Loaded Solid Lipid Nanoparticles in Overcoming Drug Resistance Mechanisms in the Treatment of Triple Negative Breast Cancer**". Regarding the award given by the Council of Higher Education at the opening ceremony of the 2018-2019 Academic Year on 03 October 2018, Advisor **Prof. Dr. Gülşah ÇEÇENER** was also deemed worthy of the "**Individual Outstanding Achievement Award**".

The study titled "Estimating the nasal morphological features of Anatolian population for forensic caraniofacial reconstruction" presented by Nazan GÜNER, Serdar Babacan, Sefa Işıklar, İlker Mustafa Kafa, Gökhan Gökalp at the 19th National Anatomy Congress-2018 was awarded the "1st prize in poster presentation".

The study titled "**Educational Environments and Ergonomics**" prepared by Mustafa Balcı, Tuğçe Erol, Gülsima Özbağcı, **Serdar BABACAN**, İlker Mustafa Kafa was awarded "**1st prize in poster presentation**" at **the 9th National Hematology-Oncology-Pathology Medical Student Congress** organized by Düzce University Scientific Research Society on 27-29 April 2018.

The oral presentation titled "**The Effect of Insemination Performed at Different Times of Oestrus with Sex Determined Sperm on Pregnancy Rate in Dairy Heifers** " presented by **Barış GÜNER** was deemed worthy of the **1st prize in oral presentation** at the **VII. National & I. International Congress by the Turkish Veterinary Gynecology Association** which was held in Marmaris between 12-15 October 2017.

**Sefa IŞIKLAR** was deemed worthy of the “**Best Oral Statement Award**” for the study titled "**Evaluation of the Relationship between Femoral Trochlear Morphology and Ligamentum Cruciatum Anterius Tear via MR Images**" at the **18th National Anatomy Congress** held at the Abant Palace Hotel on September 25-27, 2017.

Sn; **SEFA IŞIKLAR**

‘Femoral Troklear morfoloji İle Ligamentum Cruciatum Anterius Yırtığı İlişkisinin MR Görüntüleri Üzerinden Değerlendirilmesi’ Başlıklı çalışmasıyla

25-27 Eylül Tarihinde Abant’ta gerçekleşmiş olan 18. Ulusal Anatomi Kongresi

**En İyi Sözlü Bildiri Ödülü’nü** Almaya Hak Kazanmıştır.

Kongre Başkanı

Prof. Dr. Erdoğan Şendemir

Kongre Başkanı

Prof. Dr. Ümit S. Şehirli

The study titled “**Functional MRI and Broadman Fields Anatomy**” prepared by İmren DEMİR, Sefa IŞIKLAR and Senem TURAN ÖZDEMİR was awarded the “**Best Oral Presentation Prize**” at the **11th National Congress of Radiology Technicians and Advanced Imaging (MRI-BREAST-CT) Course** held in Spice Resort Hotel, Belek-Antalya on 9-12 March 2017.

The study titled "**Discriminative and Correlative Analysis Study on Skulls Without Mandibles in Reconstruction: A Radiological and Anatomical Study in Forensic Anthropology**" by Serdar Babacan, Sefa Işıklar, Gökhan Gökalp, İlker Mustafa Kafa, was awarded "**3rd prize in poster presentation**" at the **Anthropology, Radiology and Anatomy Congress-2015**.

The poster presentation carried out by faculty members and graduate students of Institute of Health Sciences, Medical Biology Department and Institute of Science, Chemistry Department titled "**Molecular Approach to Herbal Therapeutic Candidates That Can Be Used in Cancer Treatment**" presented by Işıl Ezgi Eryılmaz was awarded the **third place in poster presentation** in the "**Uludağ University Information and R&D Days**" held on 11-13 November 2014.
