[6] Education and Research (ED)

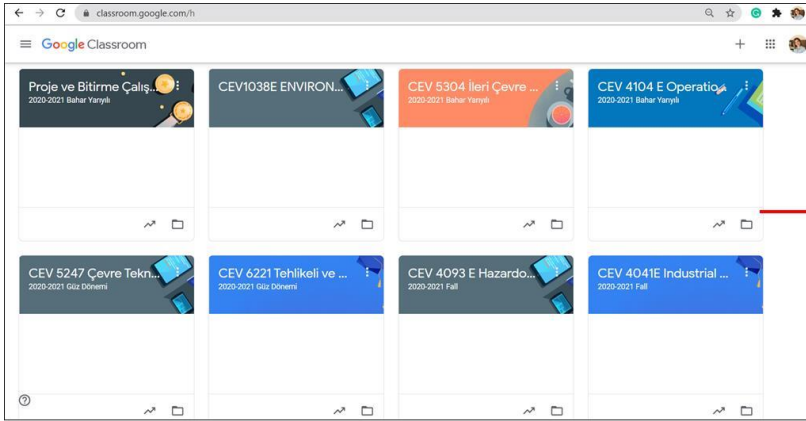

[6.14] Number of university program(s) to improve teaching and learning

The user interface of the e-learning platform for Bursa Uludag University:

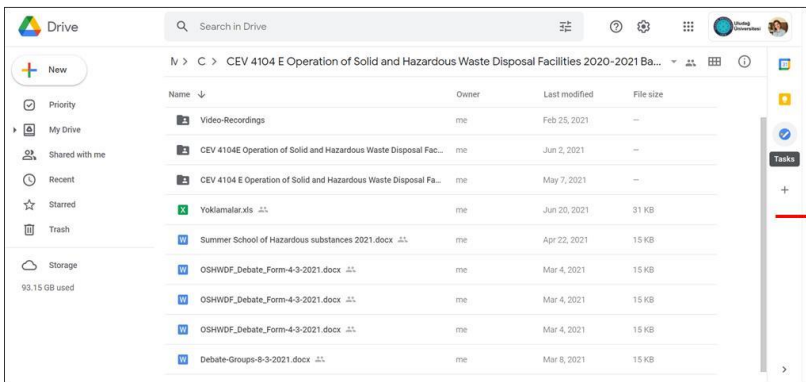

These links take the users to the guides on e-classes, e-exams, recording etc.

Students, academicians, staff have personal login credentials to use this system.

1-Online teaching systems used by Bursa Uludag University
(<https://ukey.uludag.edu.tr/Home?ReturnUrl=%2f>)

The university enlarged the e-learning infrastructure with membership to google e-learning services such as google meeting, google classroom, google calendar, etc. This figure is an example to the google classroom page of an academican that shows different classes.

This figure is an example to the google drive page of an academican that shows the recorded activities to be shared with students.

2-Online teaching systems used by Bursa Uludağ University (google infrastructure)

3- Remote learning center ULUUZEM (<https://uludag.edu.tr/uzem#>) (Bursa Uludağ University, Turkey)

4-Web page of Bursa Uludag University's Continuous Education Center (<https://ulusem.uludag.edu.tr/>)

Bursa Uludag University developed strong programs to cope with Covid-19 pandemic:

1. A well organized structure for E-learning activities: UKEY system, that officially organizes the student announcements, e-exams, and courses. (<https://ukey.uludag.edu.tr/Home?ReturnUrl=%2f>) (The interface of this system is given in **Figure 2**). Synchronized and asynchronous educational activities, educative materials and guides to prepare the academicians to the e-learning system, educative materials and guides to prepare the students to the e-learning system were prepared and distributed by using this system.
2. A well organized structure for E-learning activities: Microsoft Teams and Google membership was improved and Microsoft Teams was used for the e-learning activities. Bursa Uludag University gave its academicians and students credentials to use google e-learning services such as google classroom, google meeting, google calendar, google drive, etc. Most of the courses were easily undertaken and recorded by using this infrastructure.
3. Bursa Uludag University improved its remote learning center ULUUZEM (<https://uludag.edu.tr/uzem#>) during the pandemic. This center organizes remote graduate school activities, several general e-courses such as occupational health and safety, etc.. This center has technical infrastructure for professional course preparation, recording, etc..
4. Bursa Uludag University improved Continuous Education Center. The center organizes many educational activities and programs for the people outside the campus.
