DANIŞMA KOMİSYONU (COV-KOM)**

Toplantı Tarihi : 09.08.2021  
Karar No : 25

BUÜ COV-KOM Danışma Komisyonu 09/08/2021 günü saat 10.00'da toplanarak; aşağıdaki metnin öğrencilere duyurulmasının Rektörlüğe önerilmesi kararını almıştır.

"COVID-19 pandemisinin yaklaşık olarak 18 ayını geride bıraktık. Geçen süre içinde hastalıktan korunmak için etkili ve güvenli aşılar geliştirildi ve aşılanmaya başladık. Pandeminin bitmesi ve günlük normal yaşantımıza dönmek için maske kullanmak, sosyal mesafe ve hijyen tedbirlerine uymak, kalabalık ortamlardan kaçınmak ve mutlaka aşılanmak gerekiyor. Ülkemizde bu amaçla kullanılan Sinovac (inaktif aşı) ve Biontech (mRNA aşısı) gibi aşilar etkililik ve güvenlik açısından Dünya Sağlık Örgütü tarafından onaylanmıştır. Bu aşilar da çip yoktur, kısırlık yapmaz ve kendi DNA'mıza girmezler. Aşilar bizleri ağır hastalıktan korur ve enfeksiyona yakalansak bile hafif

**Bursa Uludag University developed strong programs to cope with Covid-19 pandemic:**

1. COVID-19 Information Web site and help desk (<https://uludag.edu.tr/covid19>)  
The web site was designed to help campus people to find their ways during pandemic. Answers to frequently asked questions and the programs to cope with the pandemic can be reached from the web site. Namely, information on E-learning activities, health services, research and development studies, clinical research, webinars, publications, production of consumables and equipment, and public services can be reached from this web page (**Figure 1**).
2. A well organized structure for E-learning activities: UKEY system, that officially organizes the student announcements, e-exams, and courses. (<https://ukey.uludag.edu.tr/Home?ReturnUrl=%2f>) (The interface of this system is given in **Figure 2**). Synchronized and asynchronous educational activities, educative materials and guides to prepare the academicians to the e-learning system, educative materials and guides to prepare the students to the e-learning system were prepared and distributed by using this system.
3. A well organized structure for E-learning activities: Google membership was improved and google infrastructure was used for the e-learning activities. Bursa Uludag University gave its academicians and students credentials to use google e-learning services such as google classroom, google meeting, google calendar, google drive, etc. Most of the courses were easily undertaken and recorded by using this infrastructure (**Figure 3**).
4. Bursa Uludag University improved its remote learning center ULUUZEM (<https://uludag.edu.tr/uzem#>) during the pandemic. This center organizes remote graduate school activities, several general e-courses such as occupational health and safety, etc.. This center has technical infrastructure for professional course preparation, recording, etc. (**Figure 4**).
5. Bursa Uludag University established a COVID-19 Commission. The Commission includes academicians at administrative level mostly from faculty of medicine. Regular meetings are held by the commission and the decisions and recommendations were distributed to the campus staff and students of Bursa Uludag University (**Figure 5**).

6. Many educational activities to improve public understanding on COVID-19 were made virtually.
