#### Description:

Bursa Uludag University (BUU) puts a special emphasis for the disabled. BUU Center for Disabled was founded in 2006. The policy of BUU is to take the necessary measures for the solution of the disabled students' and visitors' accessibility and discrimination problems and facilitating equality in their participation to social life based on volunteering, participation, personal privacy and universal policies. BUU provides equality and accessibility for our disabled students in educational matters, physical conditions and participation in social life.

Support Services by BUU Center for the Disabled are as follows:

- Evaluation of the physical structure and accessibility of the university campus,

- Providing suitable learning environment (examinations, assistant service, reading sources, etc.) for the disabled students,
- Contributing to the integration of the disabled students to social life,
- Contributing to disabled students to draw out a personal improvement plan,
- Organizing awareness courses on disability,
- Guiding the students to related fellowship and psychological counseling opportunities,
- Carrying out academic research on disability.

In BUU there are many services for disabled including,

- Accessible toilets
- Accessible research opportunities at the library
- Disabled parking close to the building
- Elevators where necessary
- Lactation rooms where possible
