[3] Waste (WS)

[3.4] Inorganic Waste Treatment

Example of Inorganic Waste Treatment (Bursa Uludag University, Turkey): Construction and demolition wastes are sent to the Inert Waste Landfills managed by Bursa Metropolitan Municipality

Example of Inorganic Waste Treatment (Bursa Uludag University, Turkey): Waste batteries are collected with special containers and sent to the authorized recycling center

Description:

1. Construction and demolition (C&D) waste generated within the main campus of Bursa Uludag University are collected by the trucks of the district municipality are sent to the licensed Inert Waste Landfill that receives C&D waste (<https://www.burkent.com.tr/hafriyat-inaaat-ve-yikinti-atiklari-depolama-hizmeti/>).

2. Waste batteries are collected separately in special containers at the campus. TAP (The Foundation for Waste Battery Collection authorized by the government, <https://tap.org.tr/>) distributes the containers and receives collected waste batteries from the campus to be sent to Exitcom Recycling center in Turkey. The Exitcom recycling center (<https://www.exitcom.com.tr/en/services/battery-recycling/>) is licensed for battery recycling. All batteries collected by TAP are brought to this facility to be recycled.
